Euromacchine

YOUR FOCUS IS ON YOUR BUSINESS, LET US TAKE CARE OF YOUR WATERING

Our units are your power. For more than 40 years, we have been delivering high-performance machines for the agricultural and water pumping irrigation sector. We provide innovative motor pump units with a high added value: the widest possibility of customization.

We know how to listen to your needs and translate them into customized products, designed for you, in a comprehensive and continuous manner. With an efficient and complete machine service line, you will have the necessary confidence to explore your priorities.

ADDED VALUE OVERVIEW

Our machines reflect who we are. They are the competitive product of a family run business. Reliability, performance and customization: qualities that we are proud to represent in products designed and patented by Euromacchine.

Our business began over 40 years ago, yet we continue to bring to the equation that fresh energy and initial desire to seek out. This is precisely the spirit that has allowed us to grow and establish ourselves in the market.

All our products are made in Italy, yet our reach is global.

History timeline

OUR STRENGTH? TEAM UP WITH YOU

Be by your side is our task. This is our competitive advantage: quality assurance and continuous reliability that's what we offer our customer quality assurance and ongoing reliability. As specialized experts in the agriculture and water pumping sectors even in emergency situations, we know how important it is to create lasting relationships built on trust and cooperation.

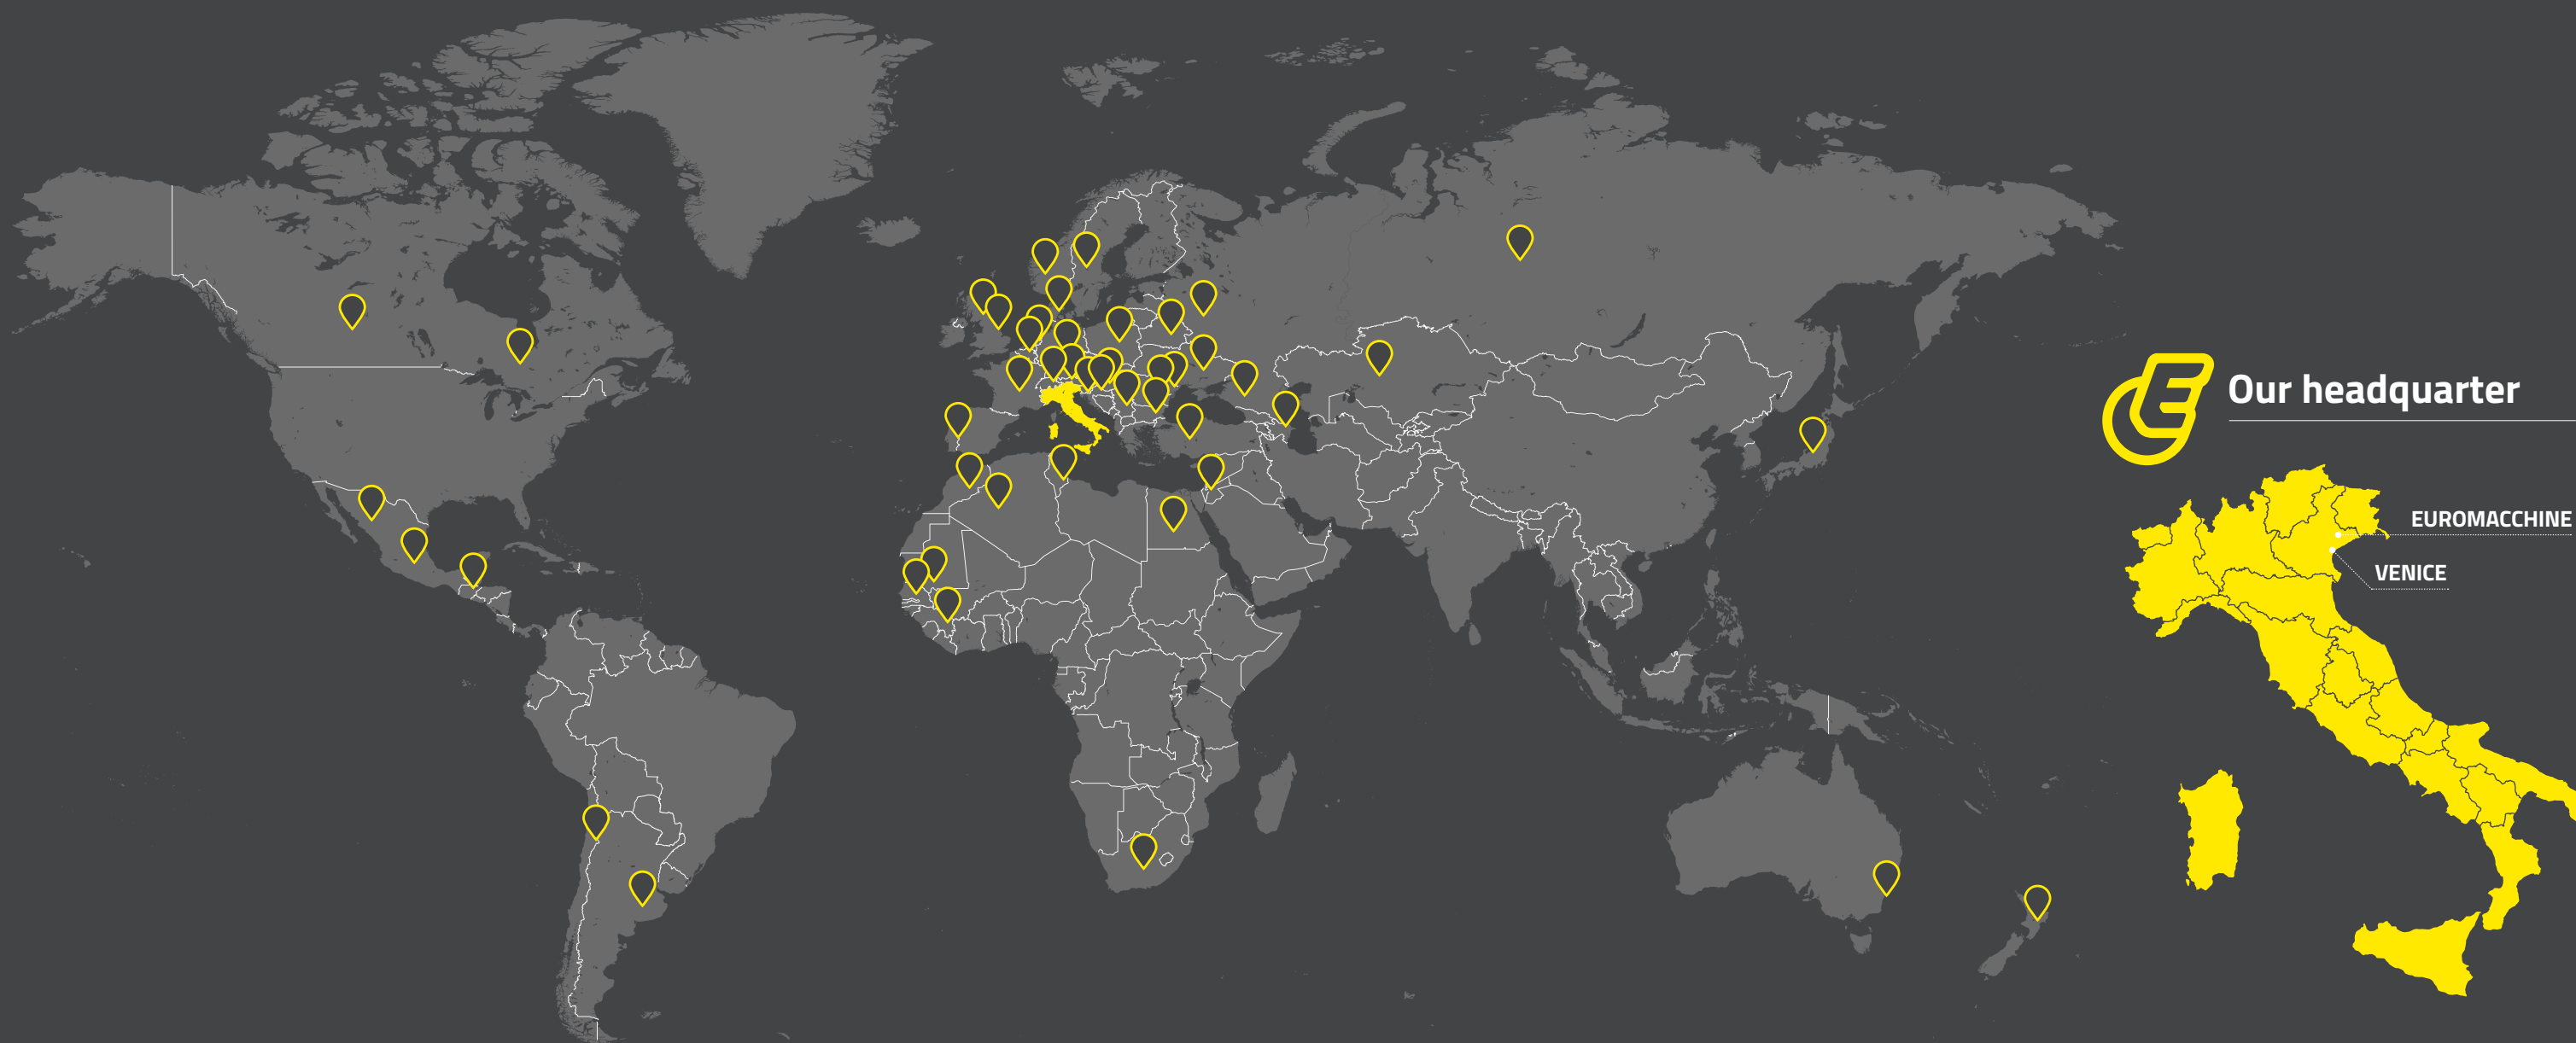

This is why our service begins with the initial consultation, installation, service and constant monitoring. Our service is always on your side.

A GLOBAL SERVICE FOR LOCAL NEEDS IN MORE THAN 45 COUNTRIES

We have built a solid reputation. We have succeeded in ensuring the highest capacity for customization while maintaining the quality and reliability of our products.

That's why Euromacchine is present in more than 45 countries around the world. We are only at the beginning.

Our numbers speak for themselves. They tell a story of corporate research, innovation, and passion. The results are in front of your eyes and they are your results as well.

EASIER, FASTER, SAFER. OUR ANSWER TO EVERY PUMPING CONDITION

Water pumping is our natural environment. For this reason, we've been addressing always new pumping problems, delivering functional solutions which provide practical answers to any kind of pumping needs.

Agricultural irrigation, floods and emergencies, water transfer and slurry pumping. Our comprehensive range of high performance pump units are designed to be easy to use, reduce downtime, prolong lifespan and and reduce operational costs.

IRRIGATION

Pumping solutions range for contemporary agriculture needs

Featured range

- ✓ CORNELL PUMP UNITS
- ✓ LINEAR PUMP UNITS
- ✓ STANDARD MOTOR PUMPS
- ✓ LAMPO GREEN
- ✓ ELECTRIC MOTOR PUMPS
- ✓ RIVERSCREEN™ FILTERS

EMERGENCY

Fast and effective solutions for flood and emergency situations

Featured range

- ✓ LAMPO EMERGENCY
- ✓ WATER TRANSFER PUMPS
- ✓ SELF-PRIMING PUMPS
- ✓ CORNELL SELF-PRIMING PUMPS
- ✓ RIVERSCREEN™
- ✓ SPECIAL PROJECTS

MANURE

Innovative transfer, injection and irrigation solutions for manure applications

Featured range

- ✓ CORNELL PUMP UNITS
- ✓ LINEAR PUMP UNITS
- ✓ STANDARD PUMP UNITS
- ✓ PUMP UNIT WITH BUILT-IN COMPRESSOR
- ✓ ELECTRIC MOTOR PUMPS
- ✓ RIVERSCREEN™ FILTERS

Euromachine Pump Academy is held by our technicians who share their experience and show the best way to analyze the problem and find the right solution.

During the lessons, you may access our Test Area where we test all the assembled machines and check water pressure parameters.

ENHANCING PUMPING KNOW-HOW

MAIN GOALS

- ✓ Share our 40 years of experience
- ✓ Test all our main products
- ✓ Carry out simulations in our test area
- ✓ Reach the target of your unit
- ✓ Test before working in the field

WHAT YOU WILL LEARN

- Improve your know-how
- Discover our mindset
- Maximize your pump solution
- Create efficiency
- Increase growth capacities
- Solve pumping issues
- Read pump curves
- Discover friction loss
- Know NPSH
- Learn about safety features
- Improve application process
- Study correct service and usage

SIGN UP FOR PUMP ACADEMY

For more information about courses, contact us by sending an e-mail to info@euromachine.it.

Euromachine Pump academy will be held during autumn and winter season.
